Curriculum Vitae

Research Interests

My research interests span primarily in the area of Internet of Things (IoT) and embedded devices. I am well versed in programming and different computing tools. I am interested in highly reliable wireless communication and energy efficient protocols for embedded IoT devices.

Professional and Research Experience

2013 – date **Assistant Professor**, *Quaid-e-Awam University of Engineering, Science & Technology, Pakistan*,
Teaching: Electronics and Telecommunication, (I was on study leave to Germany during this job)

2016 – 2020 **PhD Researcher**, *Otto-von-Guericke University Magdeburg, Germany*,
Research areas: Computer Communication and Wireless Networks

2014 – 2016 **PhD Researcher**, *University of Münster, Germany*,
Research areas: Computer Communication and Wireless Networks

2011 – 2013 **Lecturer**, *Sukkur IBA Community College, Naushahro Feroze, Pakistan*,
Teaching: Electronics and Computer Science, and Tutorials

2007 – 2010 **Executive Engineer Field Support WiMAX Networks**,
Responsibilities: *Field activities related to installation, configuration, testing, and maintenance of the WiMAX networks at customer and corporate side.*

Education

2014 – 2020 **Ph.D in Computer Science**, *Otto-von-Guericke University Magdeburg, Germany*,
Dissertation title: "Medium Access Control Protocols for Reliable Communication in Low-Power Industrial Applications"

2009 – 2012 **M.E Electronic Systems Engineering**, *Mehran University of Engineering & Technology, Pakistan*,
Thesis title: *WiMAX Femtocells Solutions, Strengths and Challenges*

2010 – 2011 (one semester) **Erasmus Mundus (exchange student during masters)**, *Communication, Media and Information Technologies, Aalborg University, Copenhagen, Denmark*

2002 – 2006 **B.E Electronic Engineering**, *Mehran University of Engineering and Technology, Pakistan*,
Thesis title: *Analysis of GSM Network and Radio Path Loss*

Expertise and Skills (Intermediate, Basic)

Programming	C++ Object Oriented Programming, C, and Python (MatplotLib, Pyplot, Pandas, Pygal, NumPy) , Linux shell scripting
Simulation	OMNet++, Contiki-OS/Cooja
Tools	LaTeX/Overleaf, Inkscape, Subversion, GIT
Operating Sys.	Linux (Ubuntu Debian), Windows, & MacOS
Embedded Sys.	Raspberry Pi, Arduino, ESP-32

Awards, Grants, and Scholarships

10/19 – 12/19 **Scholarship**, *STiBET DAAD for 3 months grant for completing the remaining my PhD research*

01/19 **Recipient of the HEC travel grant for paper presentation at the CCNC 2019, USA**

10/18 - 12/18 **scholarship**, *STiBET DAAD for 3 months grant for completing the remaining my PhD*

23/07/17 **Best Paper Award**, *for VEHICULAR 2017 conference paper, IARIA conference*

10/14 – 09/19 **5 years PhD scholarship**, *Higher Education Commission, Pakistan*, under UESTP program phase II batch III, to pursue PhD research in Germany

09/10 – 02/11 **scholarship**, *Erasmus Mundus Mobility for Life*,
6 months research stay at Aalborg University Copenhagen, Denmark

Online Certificates

2022 **IoT Communications** - University of Illinois at Urbana-Champaign, Coursera Certificate

2022 **IoT Networking** - University of Illinois at Urbana-Champaign, Coursera Certificate

2022 **IoT Devices** - University of Illinois at Urbana-Champaign, Coursera Certificate

2020 **Understanding and Visualizing Data with Python** - University of Michigan, Coursera Certificate

2019 **Programming for Everybody (with Python)** - University of Michigan, Coursera Certificate

2019 **Python Data Structures** - University of Michigan, Coursera Certificate

2019 **Fundamentals of Network Communication** - University of Colorado, Coursera Certificate

2019 **Peer-to-Peer Protocols and Local Area Networks** - University of Colorado, Coursera Certificate

2015 **LFS101x.2: Introduction to Linux** - Linux Foundation, edX Certificate
